

York Mother Finds Ideal Cold Treatment For Her Little Boy

Nothing to Swallow—You Just Rub It On.

Mrs. Smith everywhere will be interested in the experience of Mrs. Chas. I. Smith, 623 West Gas Alley, York, Pa. Mrs. Smith tried the Southern remedy—Vick's VapoRub Salve, when it was first introduced in York, and writes—

"Our little four year old boy had a cough for about a week. We gave him everything we knew, and nothing seemed to do any good. So when we got Vick's VapoRub I rubbed it on his chest well for two nights and I have not heard him cough since. I think it is the best medicine I have ever had in the house."

Vick's VapoRub comes in salve form, and when applied to the body heat, the ingredients are released in vapor form. These vapors are inhaled with each breath, opening the air passages and loosening the phlegm. It's a real "Bodyguard in the home" against all forms of cold troubles. 25c, 50c. or \$1.00. At all druggists.

A Captured Letter.

A captured letter, written by one German soldier to another, gives some indication of what is happening in the occupied French territory. This letter says in part:

"I am attached to the requisitioning service in the Forth district. We have taken from the French population all their lead, copper, oil, etc., candlesticks, kitchen pots or anything else that goes off to Germany. It is not very nice often to have to take their wedding presents, but the necessity of war forces us to do it."

"I had a good haul the other day. In a walled-up room we found fifteen instruments in copper, a regular brass band, a brand new bicycle and six candlesticks of beaten copper. And there was a whole lot of other stuff besides. You can imagine what kind of a noise the old hag who owned them made. I just laughed. She deserved all she got."

Beef Cattle Cheap.

Meat prices are now approaching the normal in this city. Butchers are now paying from 4 to 5 cents for beef cattle. Shippers are selling as high as 5 1/2 cents. This is a reduction of several cents from the prices prevailing when the fresh meat prices were raised to the highest level. Some of the meat dealers are now selling roasts at 15 cents a pound, but all of them seem reluctant to reduce the prices for steak.

Husband and Wife.

Jesse Fleming and his wife were given 10 years in the penitentiary at Marion for killing Pete Butler July 28. M. S. Fleming cut his throat while Fleming held him.

Coal Mine's Bluff.

Clarksburg, W. Va., Sept. 20.—Twenty-five coal mines in this vicinity have been compelled to close within a week because the operators were unable to mine and market coal for \$2 a ton, the price fixed by the Government, according to a statement issued here by Daniel Howard, a leading operator. Mr. Howard said he also had reports from other counties of the Central West Virginia field concerning the closing of mines which their owners declared they were unable to operate profitably at the Government rate.

Placed Under Bond.

Rufus Vaughn, of Webster county, was presented before United States Commissioner Cunningham Friday to answer the federal charge of opposing by force the authority of the United States government.

This is another of the arrests made in connection with the mining troubles in Webster county, the specific offense being the alleged firing by striking miners upon soldiers guarding the Diamond mines. Vaughn waived examination and was held under \$5,000 bond to answer to the federal grand jury. He gave the bond and was released.

French for German.

Danville, Ky., Sept. 24.—German has been excluded from the Danville public schools, according to a statement made by Superintendent Carnegie this morning. Some time ago Supt. LAND CAR IN HOPKINSVILLE

Rich Indian Land in Oklahoma to Be Sold by the Government.

The United States government Indian Land Demonstration Car No. 10, is located on the L. & N. tracks at Fourteenth street for a few days, and the demonstrations made by those in charge are well worth a visit.

The last large sale of Indian lands by the government will take place October 1917, and it is the last chance to get land in the greatest undeveloped territory in America. This land is located in Southeastern Oklahoma, in the Choctaw and Chickasaw Indian reservation, and is well adapted to grazing and agriculture. Some good timber is found in this territory, which is the gas and oil field of Oklahoma.

The McAlester (Okla.) Exchange, which the car represents, is here for the purpose of making demonstrations and accepting orders for land in that country, the government having appraised it at from \$3 to \$10 per acre.

United States Government's PUBLIC SALE OF Indian Land IN SOUTHEASTERN OKLAHOMA

To Be Held October 15th to 31st

Four hundred fifty-one thousand, four hundred fifty acres (451,454) of agricultural, grazing and timber lands in probable oil territory to be thrown open to public sale. This is not intended for homestead rights.

IMPORTANT POINTS—You do not have to live on the land. You do not have to improve the land. The land is close to railroads and markets. No irrigation necessary—40 inches rainfall. Ideal climate conditions. Seldom below freezing in winter. No reservations of minerals. You may acquire 160 acres this land. It's your last big opportunity. **YOU OBTAIN THIS LAND DIRECT FROM THE GOVERNMENT.** You must act now. Car in Hopkinsville for a few days only. You do not have to go to Oklahoma to file on this land. In our opinion the government has never offered its people a better investment with a great prospect of tremendous gain, as this allotment is entirely surrounded by developed oil and gas fields.
